

Course of Study Classes Modular Course List

This list contains the class titles and expected abilities developed covered by the individual classes. A key and explanation to the abilities list is located in the **"Guide to Ministerial Preparation and Ordination"** (2017). Each Church of the Nazarene institute of higher education offers degree and non-degree programs which when completed successfully, will satisfy the requirements. The titles in various programs may differ, but the abilities developed correspond to one or more of the four defined objectives of Competency, Context, Content, Character. The District Board of Ministry has final determination as whether a class with a different title covers the corresponding objectives and abilities as noted.
